The Board shall not have waived any rights under the Bid Documents unless specifically set forth in writing.

7.3 **Default:** If any bidder fails to fulfill any or all terms and conditions of the Bid Documents, said bidder shall be declared to be in default and shall be subject to any and all remedies available to the Board.

In accordance with 105 ILCS 5/10-21.9, Contractor shall ensure that each individual performing services hereunder who will have direct, daily contact with students has authorized a criminal background investigation through the Board (or, in the discretion of the Board, through the Regional Office of Education) and a DCFS Child Abuse Registry background investigation, which investigations shall be commenced (and, at the District’s option, completed) prior to the individual commencing services. Such background investigations shall be performed at Contractor’s expense. Contractor acknowledges that the provision of services under this Agreement is contingent upon the Board deeming acceptable the results of such criminal background investigation, the DCFS Child Abuse Registry check, a Statewide Sex Offender Database check, and a Statewide Murderer and Violent Offender Against Youth Database check, as well as such other licensure documentation and information provided to the Board. The Board will provide to the individual a copy of the background check results. The Board will notify the Contractor if the Board determines that any individual is not eligible to perform the services. Due to restrictions on disclosure of background check information, the District may not specify to Board the reasons for a determination of ineligibility of an individual.

7.8 Presence of Child Sex Offenders or Disruptive Persons on Board Property: The Contractor acknowledges that, pursuant to the Illinois Criminal Code (720 ILCS § 5/11-9.3), it is unlawful for a child sex offender to knowingly be present on school property when persons under the age of 18 are present without the specific notification to and permission of the Board. Child sex offenders found to be present
on school property without permission will be considered trespassers and will be prosecuted in accordance with Illinois law. The Contractor shall ensure that its employees and employees of subcontractors are notified of this law and that said employees are directed to notify the Contractor if they have been convicted of a sex offense restricting their presence on school property. The Contractor will then provide appropriate and immediate notification to the Board. The Board reserves the right to request the removal from the project of any person, including, but not limited to, employees of the Contractor and any subcontractors, who engage in conduct in violation of the law or the Board’s policies or conduct otherwise disruptive to the educational process or detrimental to students in the area. The costs related to such removal and substitution of personnel shall be borne solely by the Contractor or subcontractor.

The Board reserves the right to require additional health examinations of the employees of the Contractor or subcontractors, and subject said employees to additional health screenings, including screening for tuberculosis, as required by the rules adopted by the Department of Public Health, or by order of a local public health official.

7.10 **Employment History Reviews:** Contractor agrees to conduct Employment History Reviews for each driver assigned to transport District students and to otherwise comply with the requirements applicable to school contractors under 105 ILCS 5/22-94.

7.11 **Freedom of Information Act Compliance:** The Board is subject to the Freedom of Information Act, 5 ILCS 140/1, et seq. (“FOIA”), and any and all information submitted by the Contractor to the Board may be subject to disclosure to third parties in accordance with FOIA. If the Contractor requests that the Board withhold any submitted information as trade secrets, commercial information, or financial information from disclosure to a third party in response to a FOIA request, the Contractor must notify the Board of such request at the time such information is submitted to the Board, along with a statement that disclosure of such information will cause competitive harm to the Contractor, as provided by FOIA Section 7(1)(g), 5 ILCS 140/7(1)(g). Any content not so marked by the Contractor at the time of submission to the Board will be presumed to be open to public inspection. The Contractor may be required to substantiate the basis for its claims at a later time. Notwithstanding timely notice received from the Contractor in accordance with Section 7(1)(g), the Board reserves the right, in its sole discretion and subject only to applicable law, to withhold or release the subject information in response to a FOIA request. The Contractor waives any rights it may have, or claim to have,
to challenge, protest, enjoin or otherwise assert a claim relating to, connected with or arising from any FOIA request. As a potential provider of a governmental function on behalf of the Board, the Contractor agrees to cooperate with the Board, without additional charge, in responding to any FOIA request, including by timely providing any documents requested by the Board that directly relate to the governmental function that the Contractor has been engaged to perform on behalf of the Board.

7.12 Additional Provisions

a. Payments on any invoice shall not prevent the District from making claim for adjustment on any item found not to have been in accordance with the provisions of the Contract.

b. The validity or unenforceability of any provision of the Contract shall not affect the validity or enforceability of any other provision of the Contract.
1. **EQUIPMENT**

Data generated by the GPS tracking system will be made available to the District upon request.

All vehicles servicing the District must be stored and operated out of a terminal owned or leased and operated by the Contractor. The Contractor shall provide a dispatcher at the terminal(s). The dispatcher shall be responsible for knowing the location of all the routes and vehicles at all times.

The Contractor agrees to provide for such drug and alcohol testing of its employees as required by law.

The transportation of students is an unusual and specified function. The students are to be transported to and from school regularly, promptly, safely and without interruption or incident, and the interests of the students in such transportation take precedence over the interests of either the Contractor or its drivers. It shall be a primary obligation of the Contractor to operate its affairs so that the District will be assured of its continuous and reliable service. Before price increases can be implemented, the Contractor shall document through cost analysis the need for such an increase.

11. **PUPIL SAFETY AND DISCIPLINE**

A. The discipline on any transportation vehicle rests with the driver and it shall be his/her responsibility to maintain said discipline.

B. Final authority on disciplinary problems shall rest with the District.

The District’s responsibility shall extend only to facilitation of parent communication and student discipline.

15. **POSTPONEMENT OR CANCELLATION OF ROUTES**

In the event of snow or other inclement weather which creates hazardous driving conditions, Contractor shall have the responsibility to inspect the conditions of roads on the designated routes and to recommend to the District’s Superintendent or designee whether the vehicles can be operated safely. The District's Superintendent or designee shall then decide whether to alter, postpone or cancel routes or schedules. Contractor shall not receive additional compensation for operation during early dismissals or late starts. The District reserves the right to change route times as determined by the Superintendent or designee.
16. **PAYMENT FOR SCHOOL CLOSURES AND E-LEARNING DAYS**

To the extent required by Section 10-20.56(d-15) of the *School Code* (105 ILCS 5/10-20.56(d-15)), when enforceable under law, the Parties agree that the District shall pay Contractor the mileage or route rates (as applicable) for routes that were scheduled to be run on any date that a school closure or e-learning day occurs, if such closure precludes the Contractor from performing its regularly scheduled duties and employees would have reported for work but for the closure, unless the day is rescheduled and the employees will be paid their daily, regular rate of pay and benefits for the rescheduled day when services are rendered. Contractor shall provide an invoice for the foregoing costs, but will not include such costs for any school closure or e-learning day on any invoices until after June 1 of each contract year in order to allow the District opportunity to determine if the day will be rescheduled.

Contractor represents and warrants that it shall pay its employees their daily, regular rate of pay and benefits for any school closure or e-learning day if such closure precludes the Contractor’s employees from performing their regularly scheduled duties and employees would have reported for work but for the closure, unless the day is rescheduled and the employees will be paid their daily, regular rate of pay and benefits for the rescheduled day when services are rendered. Upon request, Contractor shall provide the District with certified payrolls as evidence of compliance with this section.

For purposes of this section, “school closures” shall not include holidays or other days of closure reflected on the school calendar for which Contractor’s employees are not scheduled to work. The District retains sole discretion to determine if and when a school closure day is rescheduled.

17. **CREDITS**

A. **Late Routes:** A credit of 50% of the route rate will be given to the District for each morning portion of a regular route which is completed more than thirty (30) minutes after the starting time and for each afternoon portion of a route that is started more than thirty (30) minutes after scheduled departure time, unless the delay is caused by accident, extreme weather conditions or a school charter run which interferes with a regular route.

B. **Automatic Credit:** Should the District find Contractor in noncompliance with any provision of this contract, on a route or series of routes, the District shall receive a credit equal to an additional 25% of the base rate for each route or routes affected. This penalty shall be reflected in the first payment due following non-compliance. Should Contractor fail to remedy the non-compliance within 48 hours, a credit of 100% of the routes not provided by Contractor due to non-compliance plus an additional credit to the District of 100% of the base route will be applied to the District’s next billing cycle.
CONTRACT

THIS AGREEMENT is entered into as of the date that the last party signs below, by and between the Board of Education of Township High School District No. 113, Lake County, Illinois (“District”), and _______________________________ (“Contractor”) (collectively referred hereto as “the Parties”).

WHEREAS, District has requested public bids for individual and small group transportation services for students (“Services”);

WHEREAS, Contractor has submitted a bid for provision of the Services; and

WHEREAS, District desires to enter into this Agreement with Contractor to provide the Work in accordance with the Bid Documents.

NOW, THEREFORE, in consideration of the terms and conditions herein, and other good and valuable consideration, the receipt of which is hereby acknowledged, the Parties agree as follows:

1. Duration of Contract. The Contract shall be effective for three school years, from the first day of student attendance in the 2024-2025 school year to the last date of student attendance in the 2024-2025 school year (including summer school). The Parties may extend this Contract as provided in the Bid Documents.

2. Contract Documents. The documents comprising the entirety of this Agreement are the Bid Documents as defined in the Bid Conditions, Contractor’s Bid Submission Form, and this Agreement.

3. Document Supremacy. In the event any term or provision of this Agreement conflicts with a term or provision of the Bid Documents, the term or provision of this Agreement shall prevail.

4. Compensation. Contractor shall provide all services as awarded by District and shall be compensated according to the terms of the Contract Documents. Payments are approved by the Board of Education each month provided that the service has been properly provided and accepted. In accordance with Board of Education approval, monthly invoices will be paid in accordance with the Illinois Local Government Prompt Payment Act. Format of the detailed billing statement must be agreed to by the District.

5. Termination.
   a. Termination of Contract by Reason of Default. If Contractor or its drivers or employees at any time fail to comply with the terms of the Contract or any portion thereof, or do not fully perform and strictly adhere to any of the terms of the Contract required to be performed, the District may, at its discretion, terminate the Contract, or any portion hereof, as provided herein. In the event that the District determines that the Contractor has failed to comply fully with, perform, or strictly adhere to the Contract, then the
District may, at its discretion, through its Superintendent, or his or her designee, send written notice to the Contractor declaring the Contractor in default. In such notice, the District shall state in what respect the Contractor has failed to comply with the terms of the Contract, and shall further state a date upon which the Contract will terminate, unless the Contractor, prior to such date, cures the defect to the satisfaction of the District. If prior to the date of termination stated in said notice, the District notifies the Contractor that the defect has been cured, the Contract will not terminate on the date stated in the notice but will have been deemed to have remained in effect as of the date that such notice was given. In the event that the District does not so notify the Contractor that the defect has been cured, the Contract will terminate without further action on the date of termination stated in the notice. The date of termination stated in the notice of default may not be sooner than fifteen (15) calendar days following the date of such notice unless there is a complete failure by the Contractor to provide the services required by the Contract or failure to comply with any and all applicable laws, including, but not limited to the continuing maintenance of insurance coverage, maintenance of current drivers’ licenses for each driver, and compliance with vehicle safety regulations, in which event the date of termination may be five (5) calendar days following the date of such notice. In the event the District terminates the Contract in whole or in part as provided in this Section, the District may procure, upon such terms and in such a manner as the District may deem appropriate, supplies or services similar to those terminated, and the Contractor shall be liable to the District for any excess costs for such similar supplies for services; provided, that the Contractor shall continue the performance of the Contract to the extent not terminated.

b. Termination of Contract without Cause. The District may at any time and after providing sixty (60) days written notice to the Contractor, terminate its Contract without cause. The District shall pay Contractor for all services provided in accordance with the Contract through the date of termination and shall have no liability whatsoever thereafter to Contractor.

6. Complete Understanding. This Agreement sets forth all of the promises, agreements, conditions, and understandings between the parties relative to the subject matter hereof, and no other promises, agreements, or understandings, whether oral or written, expressed or implied, exist between the parties.

7. Amendments. No subsequent alteration, amendment, change, addition, deletion, or modification to this Agreement shall be binding upon the Parties hereto unless reduced to writing and duly authorized and signed by both Parties.

8. Governing Law and Venue. This Agreement shall be governed and construed in accordance with the laws of the State of Illinois notwithstanding its choice of law provisions. If any provision hereof shall be held to contravene any applicable law, such provision shall be deemed reformed to the extent of conforming to said law, and in all other respects the terms
hereof shall remain in full force and effect. Venue for any disputes arising out of this Agreement shall be in the courts situated in Lake County, Illinois.

**IN WITNESS WHEREOF**, the Parties have signed this Agreement on the date(s) written below.
