

Dear Eighth Grade Families:

We are in the midst of planning for the arrival of the Class of 2029, and we're excited to begin the registration process with you in 2025.

**High School Registration Video :** By **Friday, January 10**, families will receive access to the High School Registration Video. This recorded webinar will serve as an important introduction to course offerings and the online registration process. By viewing the recorded webinar in advance of High School Preview Night, students and families will be prepared to ask informed questions when they meet with academic department chairs and teachers.

**High School Preview Night :** High School Preview Night will take place on **Wednesday, January 15**, starting at 6:30 p.m., in the Warrior Gym. High School Preview Night is an in-person event which offers an opportunity for Eighth Graders and their parents/guardians to meet our high school leaders and teachers, explore the array of courses, extracurriculars, and services available, chat with students to learn about the high school experience, and connect with parent/guardian organizations.

**Course Placement:** Placement in Mathematics and Science will be determined based on current course placement and by reviewing standardized test results. When course registration opens on **January 10**, families will be able to view locked course placements (standard/honors) as well as request electives. We encourage families to watch the High School Registration Video and attend High School Preview Night so they can make informed decisions about course requests.

**Health Forms:** Health forms should be returned to Deerfield High School Health Services no later than **May 1, 2025**. Health forms will be emailed to families and can be found on the [DHS Health Services Website](#). Please email [dhshealthservices@dist113.org](mailto:dhshealthservices@dist113.org) if you have questions regarding health forms.
