

Deerfield Residents

As part of the Village's new contract with LRS, residents can place organics material and food waste out for weekly collection. Food waste accounts for approximately 20% of all waste that ends up in landfills. With the organics/ food waste option, residents will now play a larger role in reducing this type of waste in landfills while helping reduce greenhouse gases.

Each single-family home will be delivered one 35-gallon cart to be used for organics (food waste/yard waste). Click here for a Compost Tip Sheet: <http://il-deerfield.civicplus.com/DocumentCenter/View/2736/Deerfield-Compost-Tip-Sheet>
