[October 5, 2021 Special Meeting](#)

Guided Tour of Highland Park High School Facilities

The meeting began with a guided tour of some of the Highland Park High School projects currently identified as “Priority A” in the master facilities plan (MFP) that is being developed for the District. A guided tour for Deerfield High School will be held on October 19. Conducted approximately every 10 years, the MFP is a comprehensive review of facilities that identifies facilities and infrastructure needs. The MFP will be completed in January 2022, which is the first step in determining how to address the District’s facilities needs.

Summary of the Financial and Facilities State of the District Report

Superintendent Dr. Bruce Law presented a summary of the Financial and Facilities State of the District report that was given in full at the September 28 meeting. Following the presentation, the Board held the first of two scheduled listening sessions in which community members could provide input and ask questions. Follow up to questions not answered at the meeting will be posted on the Future 113 website under the FAQ tab. All documents presented can also be found at the [Future 113 website](#). The next guided tour and listening session will be held at Deerfield High School on October 19.
