August 2020

Dear DHS Families,

As part of our ongoing focus of Building Community, we are excited to offer a Virtual Open House to provide parents/guardians an opportunity to meet their student’s teachers and learn about their students’ classes each day. This year Open House will be pre-recorded to allow all families access to the material at a time and pace that works best for them. While we recommend you view these videos as soon as possible to learn more about your student’s teachers and classes, we will be leaving them posted until the end of the first quarter. You will find these videos in the “Materials” section on each class Schoology page beginning at 3:30 pm on Tuesday, September 8, 2020.

In addition to teacher videos, we will be sharing a welcome from Principal Anderson to kick off the Virtual Open House experience. An email reminder notification will be sent to families on Tuesday, September 8, with this welcome and any other pertinent information. Please also know that for ease of access, Virtual Open House information will also be posted on the DHS Back to School 20-21 webpage.

Without a doubt, Open House showcases the quality efforts of our teachers, staff, and students. With that said, please understand that these videos are not designed to provide you with a report of your student’s progress in the course. If you have concerns or questions, classroom videos will provide you with ways to communicate with the teacher in more depth.

Before the Virtual Open House, if you still need to create a parent/guardian Schoology account, please review the District 113 Schoology Parent Access Guide. Questions regarding your Schoology account should be directed to D113 Technology Department (Helpdesk@dist113.org).

Questions regarding our Virtual Open House should be directed to Amy Bricker, Counseling Department Chair (abrickers@dist113.org) and Dee Bolos-Hartman, Fine and Applied Arts Department Chair (dboloshartman@dist113.org).

Sincerely,
Kathryn Anderson, Principal
