To earn a 5/5, the student must change for PE and have maximum participation. If they choose not to change into their PE uniform, they start at a 4/5. When they are observed to be not participating then they go down one level. If they forget their gym shoes they may have a 0/5 for the day or an alternate assignment. Physical Education is a participation class meaning you must be in class to earn points unless doing a written assignment. Students that are not in class for authorized absences (AUT) will not earn any points, however, makeups are always allowed and encouraged but not mandatory. All unauthorized absences (UNA) must be made up to earn credit in Physical Education.
